**8. Nightride:** Front and rear light are mandatory for the nightride. We're not responsible for false timing in case of using lamps without CE/EU-certificate. If you're not sure about this, use helmet mounting.

**9. Signalisation:** All tracks are signposted, of course. But don't expect barrier tape on each meter of the course/track. Keep your eyes open, both on the timed and linking stages.

**10. Starting list/slots:** The starting slots for the 1st session are set by the race organisation. For the first 30-50 participants the starting order is set by the provisional overall ranking of the TT 2017 so far. All other participants will follow in order of their teams and starting number. We'll hand out a „starting time ticket“ at the registration, there will be 10 riders in each starting block. The following sessions we will start on basis of the intermediate results. BEFORE the start we will activate the transponder (see pt. 14/Timing II).

**11. Mountain railway/shuttle service:** During TrailTrophy Flims-Laax ee'll use the mountain railways and lift on Saturday and Sunday. The lift ticket you get at the registration is valid for saturday AND sunday. We can't replace any lost tickets!!

**12. Rules for the start:** At each start of the timed sections the „Gate Directors“ will make a call for the riders and take care for a minimum gap of about 30 sec. All participants have to stay/wait BEHIND the Gate Director!!

**13. Timing I:** The end of each timed session will be announced by a sign „Finish 50 m“ (if it's not visible in this distance) and by barrier tape at both sides, furthermore we'll have special „Finish plates“. At critical sections there will be a steward at the end of the timed session.

**14. Timing II:** The personal transponder saves all data of each session. So it is necessary to read out the transponder AFTER each session. **Therefore it is absolutely IMPORTANT to pass the the TRAILTROPHY-arch AFTER each session. Without anylising the transponder is it not possible to start the following session!!**
