- 8. Nightride:** Front and rear light are mandatory for the nightride. We're not responsible for false timing in case of using lamps without CE/EU-certificate. If you're not sure about this, use helmet mounting.
- 9. Signalisation:** All tracks are signposted, of course. But don't expect barrier tape on each meter of the course/track. Keep your eyes open, both on the timed and linking stages.
- 10. Starting list/slots:** The starting slots for the 1st session are set by the race organisation. For the first 50 participants the results of 2016 are basis for the starting list. All other participants will follow in order of their starting number. We'll hand out a „starting ticket“ at the registration (order in blocks by A, B, C..) The following sessions we will start on basis of the intermediate results. BEFORE the start we will activate the transponder (see pt. 14/Timing II).
- 11. Mountain railway/shuttle service:** On SATURDAY we'll use a shuttle transfer to the start of Stage 4 and 5; In order to your appearance after the 1st stage on Saturday morning you'll receive a special „Shuttle Bon“ – this Bon is mandatory for your shuttle. On SUNDAY we'll have a short shuttle to the start of the last stages – the order for this start will be published on Saturday evening!
- 12. Rules for the start:** At each start of the timed sections the „Gate Directors“ will make a call for the riders and take care for a minimum gap of about 30 sec. All participants have to stay/wait BEHIND the Gate Director!!
- 13. Timing I:** The end of each timed session will be announced by a sign „Finish 50 m“ (if it's not visible in this distance) by finish banners and by barrier tape at both sides. Furthermore there will be a steward at the end of the timed session.
- 14. Timing II:** The personal transponder saves all data of each session. Sometimes it's necessary to ACTIVATE the transponder BEFORE the start. It's mandatory to read out the transponder AFTER each session. **Therefore it is absolutely IMPORTANT to pass the the TRAILTROPHY-tent near the FINISH ARCH at the Festplatz BEFORE and AFTER each session. Without anylising the transponder is it not possible to start the following session!!**
- 15. Food service:** The following meals are included in your starting fee: „Pasta by bike-components“ on Friday, snack lunch on Saturday noon and evening meal on Saturday evening.
- 16. Bike repair service:** On Friday, 02 June, the bikeshop „Maxx Bike Eldorado“ offers the possibility for repair service during the normal opening times. On Saturday a part of the shop will be based at the TrailTrophy-Expo (for the case of urgent repairs).
